Topic: What is God's Word to You?

Scripture text: 1 Kings 22:5-28

1. Some people think that the Bible is just a book. Others marvel at it but do not submit to it. Some acknowledge the Bible is the Word of God but still do not obey it.
2. Ahab plainly disregarded God's Word. He rejected God's Word because it speaks ill of him. He deceived himself with the false prophets. Jehoshaphat at least had the desire to enquire from God's Word. He was discerning and wanted to hear from the prophets of the LORD and not from the false prophets. We should be diligent to seek God's Word and not be satisfied with any substitutes.
3. Micaiah had the right view of God and only spoke the truth. We must have a high regard of God's Word or we will end up ignoring God's Word. We must also accept God's Word even if the message does not please us. We should never be antagonistic towards God's Word. More importantly, after enquiring God's Word, we must obey.
