Speaker: Pastor Clement Chew

Topic: Studies in Revelation - Will Man Repent?

Text: Revelation 9:13-21

1. Genuine repentance is repentance from sin and evil which we have committed. It must consist of both regret as well as fruits of repentance. Since we are all sinners, we need to come to God in repentance every day without delay. Man ought to repent now because the Lord is just. He will surely avenge His own name when the right time comes. Judgment is certain for everyone and those whose sins are not forgiven will be thrown into the lake of fire eternally.
2. When the sixth trumpet is sounded, the four angels will command the army to destroy one third of the population on earth. The army is huge and fierce. This shows that the Lord is sovereign and He is in control of every minute decision. He is also merciful to the rest of the world because He will give them a chance to repent. However, none of them will repent because of the stubbornness and pride of their hearts. They will refuse to acknowledge God as the Saviour of the world.
3. Life and death are in the hand of the Lord. We are not in control and we can only pray that God will help us to accept whatever comes our way. With whatever time that God gives us, we must quickly repent. Don't assume that we have another opportunity to repent another day.

*Confess your sins and repent today*
