Topic: Studies in Revelation - Perfect Deliverance

Text: Revelation 14:1-5

1. The deliverance that men offer is limited and insufficient. But the deliverance offered by Jesus is complete and perfect. During the Great Tribulation, it will be a tough time for the true believers because of Antichrist's attacks. But their greatest comfort is that they will experience perfect deliverance.
2. The first group is the 144,000 saints from the children of Israel. They will have a mark with the name of Jehovah written on them. They will not lose their lives no matter how hard the devil tries to persecute them. Similarly, the Lord is our Rock in the midst of every difficulty that we face. If we turn to Him, He will deliver us and give us His strength to go through our difficulties. The world may hurt our physical body but they cannot take our salvation away.
3. The second group is the rest of the true believers. The Lamb of God, our Lord Jesus Christ, paid the price of the penalty of sin. He kept the law perfectly for us and died on the cross and was also risen from the dead. His perfect work allows us to come boldly before the throne of God. This thought should fill the heart of all believers with gratefulness and praise. In the end, the 144,000 together with all the other saints will sing a song of redemption to praise the Lord. What a privilege it is to come to worship God in the fullness of expression.
