Message Topic: **What is True Wisdom?**

Scripture Text: James 3: 13-18

1. True wisdom is not measured by wealth, position, power or intelligence. We are fools if we depend on ourselves rather than on God.
2. King Solomon was the wisest man on earth. This was because when God told him to ask for one thing that He will surely grant, Solomon asked for wisdom.
3. To give God's Word to our children and teach them in the way of the Lord is true wisdom. This is better than giving them the best education and any earthy goods.
4. True wisdom is one who not only hears God's Word but also obeys it. He will stand when the rain and storm come to his life.
5. True wisdom is also shown by our conduct where there is no strife and envy. A true Christian will bear forth good fruit which is without hypocrisy and the fruit is peaceable, gentle and easy to be intreated.
