

31 October 2010 - Preached by Rev Tan Kian Sing (reformation Sunday)

Message Topic: **God's sovereignty and Man's responsibility**

Scripture Text: Psalm 97: 1-9

1. We must live a life exhibiting God's sovereignty knowing He is in full and total control of everything that happens to us. We know nothing happens to us by chance.
2. At the same time, we must also live knowing we are responsible for our action and accountable to God for the things we do and say.
3. These two truths come together. A good example is David when he defeated Goliath. Though God has guaranteed David the victory, David still needed to be courageous to face Goliath and battle with him.
4. God did not make us to be robots but gives us a sound mind to be able to choose to do things for Him and His glory.
