

11 December 2011 - Preached by Rev Quek Suan Yew

Message Topic: **Preparing for Christ's return**

Scripture Text: Revelation 22

1. We should know and believe the future. We will reign with Christ forever and let this be our hope.
2. The attraction of this world is strong, so we must regard these prophecies as precious. We ought to guard our present state and not let anything ruin our testimony and salvation.
3. We must spread these prophecies to others, and have a sense of urgency to spread it to everyone.
4. We ought to maintain our heart of obedience, and faithfully keep our life in check. We must maintain our life fully committed to Jesus and not let the world deter us from Jesus.
