Topic: **Finding True Security in God**

Scripture Text: Psalm 56: 1-13

1. People find security in different things such as job, family, friends, insurance policy and even in their CPF saving. However, all these cannot guarantee security of an everlasting life. Only faith in Jesus Christ gives the full assurance and security of eternal life in Heaven.

2. For believers, God not only gives security to our souls to preserve us forever, but He also promises us security while on earth. In Psalm 56, the psalmist David was oppressed by his enemies who sought to kill him. David trusted in God and found his security in God despite his many struggles and difficulties.

3. Our security in God comes from God delivering us from every difficulty. We trust in God to deliver and help us. No problem is too big for God. He is Almighty and Sovereign. However, God's deliverance does not necessarily imply that He will remove the problem from us. Sometimes He allows it to be there but He will send His grace and strength to us to go through the problem.

4. Our security in God comes from God watching over us. God remembers what we go through and even put our tears in His bottle. He even knows the number of hairs on our head. Surely He cares for us.

5. Our security in God comes from God who delights in our prayers and praises and also answering them. Finally, our security in God comes from the fact that God is for us. If God is for us, who can be against us? Nothing will separate us from the love of Christ. Believers are safe in the arms of Jesus.
