

28 Dec 2014: Preached by Preacher Clement Chew

Topic: **The Christian's Preservation**

Scripture Text: Romans 8: 28-39

1. God has preserved His Word to every jot and tittle and He will also preserve His own people to the end. Salvation is by grace alone through faith in Jesus Christ only. This is how a person becomes a child of God. A child of God will never lose his salvation.

2. The nature of the Christian's preservation is having the assurance of salvation in Jesus Christ and a life of service to the Lord Jesus Christ. In the salvation of a believer, he will first be justified, then sanctified and finally glorified. This is God's promise and He will do it for every child of His even though we go through trials and tribulations.

3. God has not spared His only begotten Son to send Him to this world to die for us; surely He will keep us by His power. Satan can try to accuse and condemn us but God is greater and He will not fail us.

4. Nothing can separate us from the love of Christ. God will preserve His children and as God's children, we will keep persevering to trust in Jesus Christ in this life. God is faithful and His preservation for His own children is definite and sure.
